Since that time, PLUS brand has been a worldwide leader name in electronic copyboards manufacturing. PLUS Corporations' newest product lines are revolutionary in and of themselves. They're the first electronic copyboards on the market that allow you to save information

Corporate's MISSION

We strive to create the world's No.1 products, optimal items that meet the various highest expectations of worldwide users for design, performance, quality and price. Aiming at expanding in the world markets, our stationery, meeting tools, and furniture are designed to attune to diverse user needs that vary, from a global viewpoint, according to national/regional factors, gender and age. Customer satisfaction is the primary goal for PLUS's product creation.

Plus Corporation (Headquarters)

PLUS Corporation of America

VISION | Aiming to Be a Truly Global Company

The aim to be a truly global corporation is a key theme for the PLUS Group. The concept of true globalization, from our perspective does not mean how a company can increase sales in overseas markets, but it requires that the company integrate into its organization the multi-national human resources, communicate the same corporate philosophy beyond language and cultural barriers, maximize its overall competency in executing business strategies suiting every segment of worldwide markets.

Creative Meetings Gives Shape to Conception

- **Data can be stored and accessible for sharing.**

Written text can be printed out and data can be stored on the network where it allows you to concentrate on discussing without the need to take notes. Furthermore, the main memory with a storage capacity of up to 100 writing pages provides ample internal memory storage. Its lightweight, slim design permits easy moving and neatly fitting into tight space. It also features smooth manual sheet forwarding or rewinding to match the usage conditions.

- **يمكن حفظ البيانات وإتاحة الوصول إليها لمشاركتها.**

يمكن للنص المكتوب أن يطبع والبيانات من أن تحفظ على الشبكة حيث يتيح لك هذا أن تركز على النقاش بدون الحاجة لأن تدون ملاحظات أو النقل من السبورة. بالإضافة إلى الذاكرة الداخلية المدمجة الواسعة والتي تسمح بحفظ حتى ١٠٠ صفحة. يسمح وزنها الخفيف وتصميمها النحيل بتحريكها بسهولة لملائمة الأماكن الضيقة كما تسهل ميزة تحريك سطح السبورة الدوار بتقديم أو تأخير السطح بحسب ظروف وحاجة الاستخدام.

Where Copyboard is Needed?

*** Businesswise @,**

and where Effective Business Meetings are required.

Benefits of PLUS Copyboards at Business

- * ***The Copyboard is a simple but powerful tool which maximizes results of your meetings.***
- * Create an ongoing record of the meeting progress so that participants can see the Notes and make corrections or ask for clarification during the meeting.
- * Organize thinking, i.e., draft wording, suggest options, connect ideas, depict Consequences, narrow choices, summarize decisions, organize tasks.
- * Keep participants on track with a touch of hand by referring back to the topic on the screen via scrolling the sheet forward or backward or to specific location on the sheet.
- * No note taking by participants is required or needed anymore which gives your teammates full attention to the meeting hence enables you to have a productive meeting.
- * Record your ideas without pausing your train of thoughts while being able to resolve any queries immediately.

Benefits of PLUS Copyboards at Business

- * ***Don't bring your meeting to the Copyboard, bring your Copyboard to the meeting***
- * PLUS Copyboards boost meeting efficiency where you can check everyone's understanding of the information noted immediately .
- * You can ensure that everyone gets the same message at the same time and so you will be able to convert your idea into a successful business plan.
- * PLUS Copyboards are accessible via a web browser through LAN / Wireless LAN which allows participants to download and share information in (PDF, JPG, PNG) files extensions that are saved in the internal memory of a Copyboard remotely or via smartphones. PLUS Copyboards can save information to FTP Server so users can download them also via **WWW** web.
- * You can Secure your saved information from being disclosed to un-authenticated users by placing a password over the Copyboards storage media.

Where Copyboard is Needed?

*** Educational @,**

- * | Schools
 - * | Colleges
 - * | Universities
 - * | Institutes of (Language, Art, Designing, Medicine, Technology, Engineering, ...etc.)
-
- * PLUS Copyboards comfortably free students and trainees from being occupied with copying / noting down what is written by the teacher / lecturer on the whiteboard during the lesson or lecture.
 - * Achieving higher educational productivity, where teacher / lecturer can cover now more lessons / syllabus in class sessions where wasted waiting time for students / trainees to copy off from a whiteboard is eliminated.
 - * PLUS Copyboards avoid students / trainees of copying errors from the whiteboard.

Benefits of PLUS Copyboards Academically

- * It Increase student learning.
- * It encourages attentive, respectful listening.
- * It helps students become connected to a topic and explore a diversity of perspectives.
- * It facilitates participation that adds more interest to class, provides teachers & students with feedback and engages students into discussion participation.
- * It saves time and energy where no noting down / copying from Copyboard is required by students, in addition teacher / Instructor can explain only once.
- * Students / trainees can simply download lectures noted on the Copyboard that is given in class via LAN / WLAN or even internet where PLUS Copyboards can save and document what has been given in class to FTP address and Local Network.
- * Teachers / Instructors can keep track of what they have given in class or multiple classes.
- * Academic supervisors can also be watching closely on teacher's / Instructor's progress to enhance control on quality of teaching.

منافع سبورات PLUS الإلكترونية في الجانب الأكاديمي

- * تزيد من معرفة وتعلم الطلاب لما يلقى في الدرس.
- * تشجع وتساعد الطلاب على الانتباه والإنصات الجيد.
- * تساعد الطلاب بأن يكونوا مرتبطين بالدرس واستكشاف وجهات نظر متعددة.
- * تساهم في تسهيل المشاركة ما يطفي مزيدا من الاهتمام للحصة ويزيد المعلمين والطلبة من المعلومات والمتداولة بينهم فيشارك الطلاب في النقاش.
- * تحفظ وتوفر الوقت حيث لا داعي للطلاب أن ينقل / ينسخ الدرس خلف المعلم من السبورة، فيكفي المعلم غالبا أن يشرح لطلابه مرة واحدة فقط.
- * يستطيع الطالب أن يحمل / ينزل بسهولة باللغة جميع المحاضرات التي سجلت في الصف عبر الشبكة الداخلية السلكية أو اللاسلكية أو عبر الموقع الرسمي الإلكتروني للمؤسسة التعليمية التي يدرس بها.
- * يستطيع المعلم الآن أن يراجع ويتعقب جميع ما يعطيه لطلابه في الصف أو عدة صفوف خلال الفصل / العام الدراسي.
- * يستطيع المشرف الأكاديمي / الإدارة الآن من تقييم ومراقبة أداء المعلم لديها عن قرب في سبيل ضبط جودة التعليم بشكل مستمر.

How can Academic institutions get most of PLUS Copyboards

Ideas..!

No more noting down from whiteboards is required.

➤ PLUS Copyboards are Network Integrated and so:

1. They can access and direct saving scanned pages that were noted in classrooms to FTP sites of Schools, Colleges, Universities, Institutes ...etc. Students can download these files from their homes, offices and even smartphones easily while having the choice to print them out in Color | B/W anywhere.
- ✓ All details written in four different markers colors are scanned & saved digitally at 300 dpi resolution. Saving can be either in PDF, JPG or PNG.
2. Academic institutions can have access to scanned pages that are saved by all the copyboards in classes to print them out to students at institution's in-house printing shop.

كيف يمكن للمؤسسات الأكاديمية الإنتفاع من سبورات PLUS الناسخة

أفكار .. !

لا مزيداً من النقل من السبورة بعد الآن.

◀ سبورات PLUS الإلكترونية الناسخة مدمجة شبكية لذا:

١. يمكنها الوصول وحفظ الصفحات التي كتبت في أثناء الدرس إلى المواقع الرسمية الخاصة بالمدارس، الكليات، الجامعات والمعاهد ... الخ حيث يتيح لطلاب تلك المنشآت التعليمية من زيارة موقع المنشأة التعليمية الإلكتروني على الويب من منازلهم أو مقر أعمالهم أو حتى من أجهزة التلفونات الذكية لديهم وتنزيل وحفظ كل ما كتب على السبورة خلال ايه يوم دراسي كان في ذلك العام «حسب رغبة الإدارة» وطباعتها في ايه مكان بالألوان أو بالأبيض والأسود بسهولة.

✓ كل التفاصيل التي تُكتب بأربعة ألوان مختلفة تحفظ رقمياً بدقة ٣٠٠ نقطة في كل أنش. يمكن اختيار احد صيغ الحفظ التالية PDF, JPG, PNG.

٢. بإمكان المؤسسة الأكاديمية أن تصل إلى كل الصفحات المحفوظة من خلال السبورات الناسخة لكل الفصول الدراسية وطباعتها داخل المؤسسة التعليمية لطلابها.

With optional stand

With optional stand
And optional printer

Make every stage of your meeting stress-free

From pre-meeting preparations to post-meeting follow-ups, PLUS Copyboards make it easy. The boards have a wealth of functions that improve the speed and quality of your meetings at every step along the way.

Setup

○Anywhere you choose !

The board is 40% thinner than previous models, and the legs have been designed to take up minimal space.

○Easy to move

20% lighter than previous models, making it easy for anybody to move.

Other Features

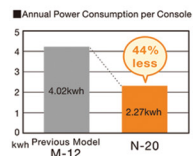

○No special software

The board is accessible via a web browser and all board settings (file format, date settings, resolution etc.) and security settings can be configured in a browser on your computer. You don't need to install special software. The board is compatible with all operating systems.

*The settings can also be changed using the board's control panel.

○Save energy

Previous boards have used 40W during operation and 5W during stand-by. The new series from PLUS uses only 12W during operation and 3W during stand-by. You won't find a more energy-efficient board than this!

*Measurement conditions: Used at three one-hour meetings per day. Two screens were scanned at each meeting. The standard 'S' model was used.

Write

○Smooth-sliding sheet for uninterrupted discussions

Slide the sheet with your hand to make more room to write without interrupting your discussions.

○Magnet-attachable surface

Use magnets to stick drawings and the like onto the board. (This is the first sheet-type Copyboard with this function.)

○Attach other items

Need a timer or calculator? Stick it to the frame of the board! You can stick a magnetic sheet (optional) to the frame side, thereby customizing the board to suit your needs. (This is the first sheet-type Copyboard with this function.)

Scan

○One-touch operation

Simple—designed control panel allows you to operate it intuitively.

○Quieter

The scan noise has been reduced from 50dB to 43dB. No more noisy scanning disrupting your discussion or train of thought.

*As a point of reference, a quiet office is 50dB and the average library is 40dB.

○Faster scan time

Color scanning now takes only 15 seconds—35% faster than previous models.

○Erase reminder function

You can set the Copyboard to scroll through the sheet when you turn it off—no more forgetting to erase.

*This feature is set to "off" as the factory default.

Save

○Network function—no hard drive necessary !

The board is accessible via a web browser—no need for a USB memory stick or a direct PC connection to save the information. You can now simply view your information over a network.

○Save directly to your computer

With a USB cable connection, save your information straight to your computer. No special software is needed, the board is compatible with all operating systems, and only one page of data is saved for added security. When you remove the USB cable, your data will be automatically erased from the board's memory.

○Front-facing USB port

The USB port is front-facing making it easy to insert your USB memory stick. At a glance you can see which way to insert the USB memory stick. A 1GB memory stick will hold around 4800 pages.

○3 file formats

Save in PNG, JPEG or PDF formats. View the file on your computer, attach it to an email or paste it into a document.

○Security functions

Configure the security settings in the browser. You can disable the ability to save to a USB drive as well as disable the transferring of image files to a computer.

Print

○Detailed print format settings

The browser enables easy configuration of settings such as paper size and date and even allows you to add a header or footer.

*This can also be done using the control panel if the board is not connected to a network.

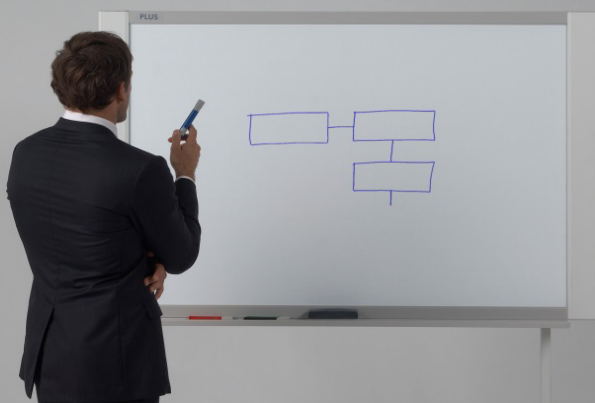

○Disable color printing

You can disable color printing mode if black and white only is preferred.

20 **4** - Panel Type

COPYBOARD **N-204** SERIES

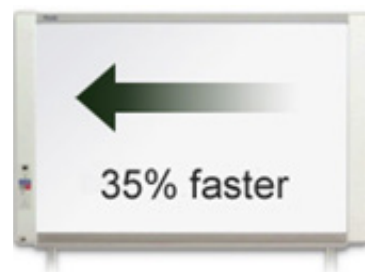

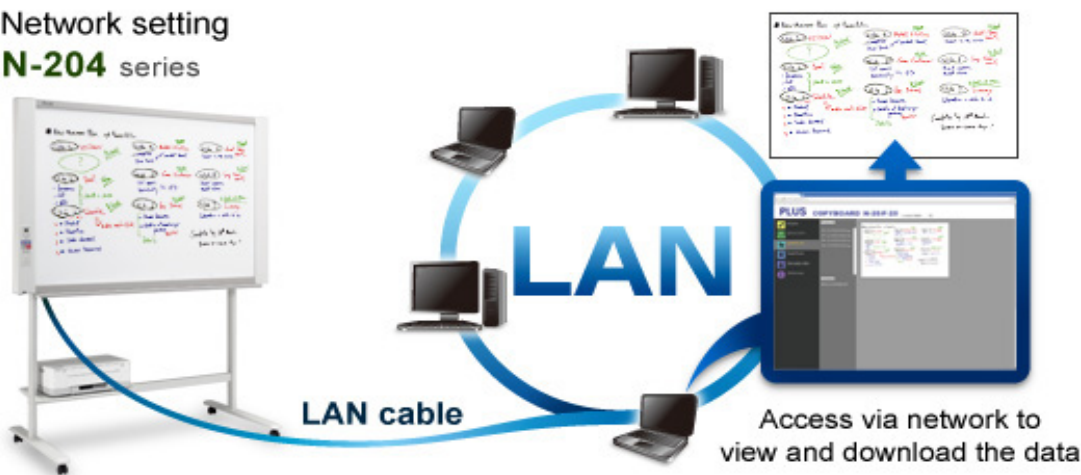

The board has a sheet size equivalent to 4 writing panels—enough space to hold all of the ideas generated during an active meeting. No need to stop and erase; Just keep on writing!

Write

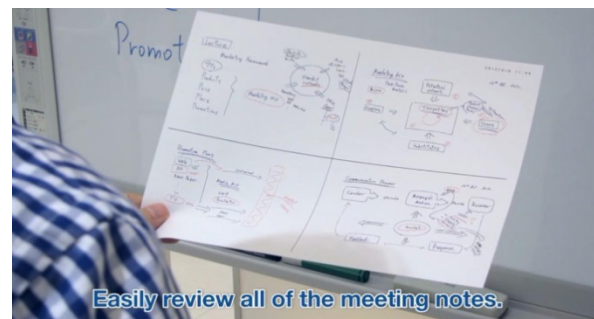

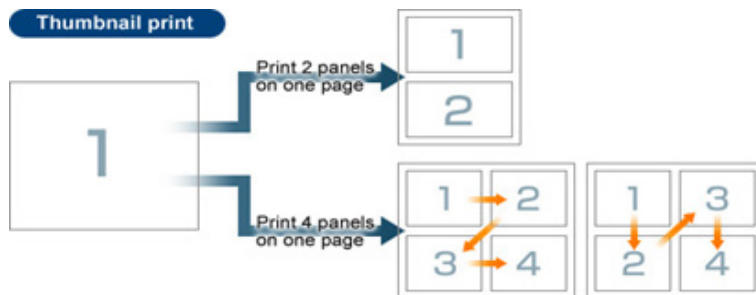

4 Panels of writing space to hold all the ideas generated during an active meeting.

MTG Pocket App

Copyboards Remote Control

Download the scanned data wirelessly to your device

All Meeting Records in One Spot

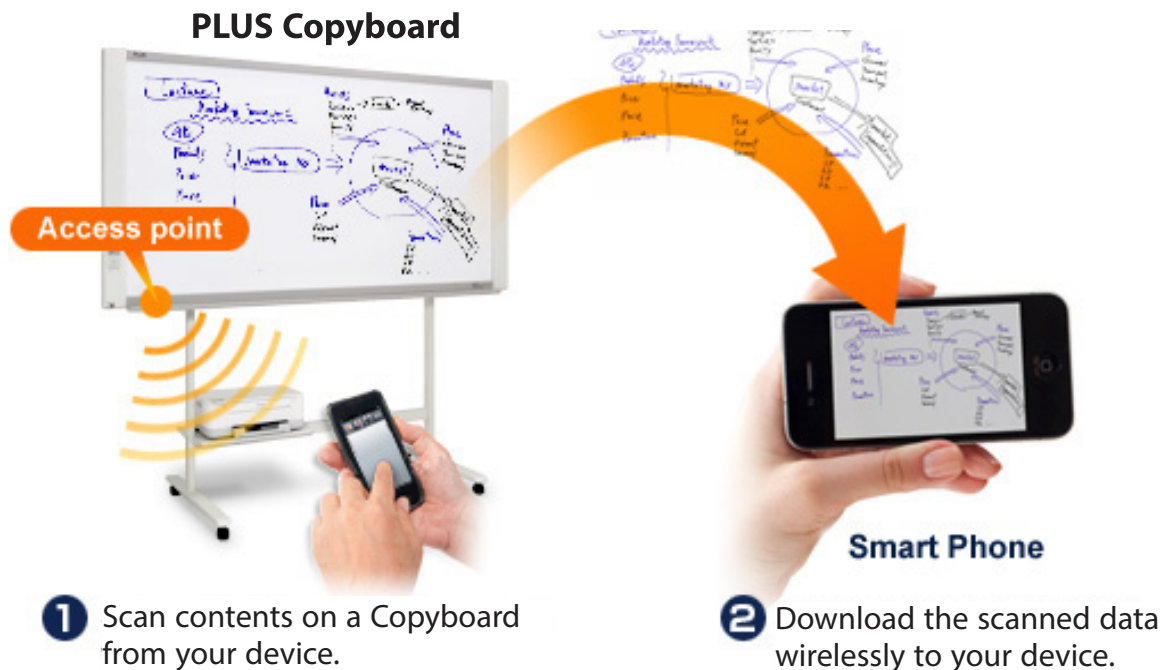

Transfer the data to Cloud Service

MTG Pocket App

A wireless LAN router (Access point) is required in order to operate a PLUS Copyboard remotely from your device. This app provides remote control of a PLUS Copyboard, allowing you to scan and download content wirelessly from the Copyboard. Drawings and text on the Copyboard are saved in high-resolution, letting you view even the smallest details on your device. You can also send saved data to others via e-mail, as well as the Evernote and Dropbox services. In addition, not only you can get data from the Copyboard, but you can also take pictures, record video, and capture audio, making this industry-first app the perfect tool for capturing everything that happens at meetings.

MTG Pocket App

- **Copyboard Remote Control**

Quickly and easily scan the content of a Copyboard and have it sent to your device. You can also perform manual sheet feeds remotely

- **Photo and Video Capture**

Record and save both still images and video from the camera in your device

- **Sound Clipping (Time Shift Recording)**

This feature automatically records audio while it's running, and by pressing the Clip button, you can save up to the last 60 seconds of audio to a file.

- **File Sharing**

Send images, video, and audio files to others via a variety of methods e-mail, Evernote, and Dropbox are all fully supported.

MTG Pocket App
